SYSTEM PACKAGES & OPTIONS

See our catalog for a complete description of each System package.

CO PILOT 2+ PACKAGE PRICES

(Discounted Cash Price, add 3% for Credit Card Purchases)

CP1000G		2995
CP2000G		3495
CP2500G		5295
CP3000G		6195

COMMANDER 3V PACKAGE PRICES

(Discounted Cash Price, add 3% for Credit Card Purchases)

RC 400		2395
RC 600		2895
RC 1200		4795

PACKAGE OPTIONS

1220U	Upgrade from 12 to 20 channel Master SSI	700
CP2U	Add Co Pilot 2 to any Commander 3v Package	1400
INF2U	Add Informer 2 to any Co Pilot 2 Package	1195
SSI-18SL	Slave SSI, adds 15 analog 2 RPM Channels	1900
Add G	Add G sensor to SSI (ie, VERT_G)	150

HARNESS OPTIONS (see catalog page 15)

A Standard Harness is included in package prices. Custom harnesses are available for an additional cost.

CO PILOT 2 PARTS & ACCESSORIES

CP2-WMK	Co-Pilot 2 Steering Wheel Mount Coil Cord	120
WFQR	Co Pilot 2 "Wire Free" steering wheel quick release, for 5/8" steering shaft	Call
SAT-S	Single Satellite Display	285
SAT-2V	Dual Vertical Satellite Display	590
SAT-2H	Dual Horizontal Satellite Display	590

GPS-2 Kits

GPS2-KIT	Add GPS-2 to any existing CDS system. Provides Lap & Speed signals. Available with single 8 pin connector (GPS2-8) or (2) 5 pin connectors (GPS2-5)	595
GPS2-*x*	GPS-2 kit for Aim (-A), Stack (-S), or Pi(-P), Motec & Universal (-U) systems	660
GPS2-ANT	Antenna for GPS2 units	75

Call for availability of GPS-2 for other systems not listed

SENSORS

NOTE: sensors come with *CDS* 5 or 8 position waterproof connectors as standard. Connectors for use with other systems are optional. Call for details.

SEN-3	Cylinder Head Temp Sensor, specify 12mm,14mm,18mm	145
SEN-4	RPM Sensor, Magnet Type, M12 threads	125
SEN-4L	RPM Sensor, Magnet Type, 4' lead	125
MAG	Extra Magnet for SEN-4	18
SEN-5S	1 Channel Temperature Amplifier	195
SEN-5T	3 Channel Temperature Amplifier	495
SEN-5Q	4 Channel Temperature Amplifier	595
SEN-9	Pressure Sensor, high accuracy +/- 15, 0-50, 0-100, 0-250, 0-500, 0-1000, 0-2500 PSI	265
SEN-10DS	Aero Pressure Sensor, +/- 140 inches of water	265
SEN-10DQ	4 Channel Aero Sensor, +/- 140 inches of water	850
SEN-11	Throttle/Displacement Sensor, 0-1.5 Inch, spring loaded	195
SEN-12S	1 Channel Strain Gauge/Load Cell Amplifier	325
SEN-SG	Install strain gauges on customer's push rods, sway bars, or other parts	425
SEN-15	Non-Contact Magnet Displacement Sensor	225
MAG-15	Extra Magnet for SEN-15	18
SEN-16	EGT Probe (Temperature amplifier required)	125
SEN-16F	Weld Fitting for SEN-16	18
SEN-17B	Universal RPM buffer for all ignitions (specify ignition system & for use with SSI/CII based systems	150
SEN-17M	MSD style Ignition RPM Sensor (specify ignition system to be used)	150
SEN-20-3	Displacement Sensor, 3 inch	378
SEN-20-4	Displacement Sensor, 4 inch	378
SEN-20-6	Displacement Sensor, 6 inch	388
SEN-20-8	Displacement Sensor, 8 inch	398
SEN-21L	Infrared Tire Temp Sensor (requires amp)	275
SEN-22	Infrared Tire Temp Sensor 0 to 400°F (no amplifier required)	342
SEN-22H	Infrared Temp Sensor for brake rotors and other hi temp targets 0 to 1470°F (no amplifier required)	342
SEN-28S	Accelerometer, 5 G one axis, miniature size	350
SEN-28D	Accelerometer, 5 G two axis, miniature size	650
SEN-28T	Accelerometer, 5 G three axis, miniature size	950
SEN-30	1/8" MPT Water/Oil Temp Sensor	115
SEN-31	3/8" MPT Air Temp Sensor	110
SEN-33	Pressure Sensor, 5% accuracy 0-30 PSI, 0-80 PSI, 0-150 PSI	150
SEN-34	Rotary Throttle Sensor, spring loaded, 0-90 degree, external drive	185
SEN-37	Rate Sensor (yaw, roll, or pitch rate +/- 80 deg/sec)	325
SEN-38F	Stringpot Sensor, 0-9" range, firm spring for steering	325
SEN-38S	Stringpot Sensor, 0-9" range, soft spring for throttle	325
SEN-39	Manifold Absolute Pressure Sensor, 1 bar	140

2014 PRICE LIST (Continued)

AIR - FUEL METERS & LOGGERS

NEW!

| WBAF-3 | 1 channel waterproof A-F display & log system | 460 |

NEW!

| WBAF-4D | 2 channel instrument style A-F display & log system | 690 |

Code	Description	Price
WBAF-2	2 Channel Wide Band Air Fuel kit includes 1 sensor, controller wired for both outputs	375
WBAF-EXT	Extension cable for sensor, specify length	30
SEN-43	LSU 4.2 sensor for WBAF-x with connector	114
AFA 4-4	4 channel controller with LSM-11 sensors	1495
AFA 4-6	6 channel kit includes 2 x 3 Channel controllers with LSM-11 sensors	2345
AFA 4-8	8 channel kit includes 2 x 4 Channel controllers with LSM-11 sensors	2995
SEN-AFA	LSM-11 Sensor for AFA-4 or AFA-1	325
AFA WB	Weld Bung SEN-AFA or SEN-43	18
AFA-PLG	Plug for weld bung	10

CABLES & COMPONENTS

NOTE 1: All sensor cables listed below come with CDS 5 or 8 position waterproof connectors as standard.

NOTE 2: All prices are for cable lengths up to 12 feet. Cables longer than 12 feet are $2 per foot of extra length.

Code	Description	Price
SC-Std	Commander II or SSI Sensor Cable (ea)	65
SC-Ext-Std	Sensor Cable Extension, 5 or 8 pin, specify length	75
DC-USB	Co Pilot 2 / Commander 3 USB Cable	65
JBY4	4 Channel Junction Y Harness	240
CON-STD	Standard 5 or 8 pin waterproof male or female connector kit, crimp only	33
USB-COM	USB to serial converter	115

COMMANDER 2 Parts and Upgrades

Note: Some Commander II upgrades are no longer available. Many parts needed for repairs have become obsolete. Call for details.

Code	Description	Price
MC4	2048K (2 megabyte) SRAM Card for *Commander 2*	395
MC5	4096K (4 megabyte) SRAM Card for Commander 2	575
ECU	Add ECU modification to CII (Motec, Pectel Zetec, Pectel Atlantic	550

TRACK MASTER 2000 ANALYSIS SOFTWARE

Code	Description	Price
TM-2000 Pro	Circle Track & Road Race full version, with mapping, distance, and time plotting	1195
TM-2000 Std	Circle Track & Road Race standard version, with mapping, distance, and time plotting (does not allow page layout creation)	595

SOFTWARE OPTIONS

Code	Description	Price
TM-SUSP	Adds chassis Animation & Analysis (requires Pro version)	495
TM-MATH	Adds unlimited user math channels (requires Pro version)	695
TM-IMP	Adds capability to import ASCII based data from other data acquisition systems.	750

POLICY AND NOTES ABOUT OUR SOFTWARE:

- Our software is compatible with all versions of Windows from 98sp2 through Windows 7 64 bit. In general we recommend Windows XP or Windows 7, or Apple Mac. (Many users run our software on Apple Macs. This requires the use of "boot camp". See our software support forum for details.)
- All of our system packages include 2 licenses for the latest standard version of software (with appropriate options) at no charge. We do not charge for our software when you buy a system
- Registered owners of software who have an update subscription can download software updates from our web site at no charge.
- When you purchase a system you receive a 2 year update subscription.
- Those who purchase a software license separately receive a 2 year update subscription.
- Update subscriptions can be renewed at a cost of $50 per year or $75 for 2 years. Subscriptions are only available to the original purchaser of the system or software.
- Registered owners of software version 5.4 and higher can purchase an upgrade to the latest version. Call or email for pricing.
- Extra licenses for TM 2000 are available to registered users at a cost of 35% of list price.
- Those who purchase used systems from 3rd parties must buy a current

An American Company supplying high quality data acquisition hardware and software to the racing industry since 1986.

Customer References supplied on request.
